PROJECT

Title: Crackers Website

COMPLETED

Tools Used:React,nest.js,MongoDB

Description:Developed a responsive Crackers website with a feature-rich shopping cart and efficient product management system. Users can add products to their cart, manage orders seamlessly, and complete purchases with ease. The project emphasizes an intuitive user interface and smooth navigation, ensuring an optimal shopping experience.

Title:Expense Tracker Website

COMPLETED

ToolsUsed:React,node.js,express.js,MongoDB

Description:Built a responsive expense tracker application. Designed the interface with Figma and developed the frontend using React. Set up a Node.js and Express backend to manage expense data. Features include adding expenses, viewing summaries, and generating reports. Focused on a smooth user experience and efficient state management.
